

## ***Roofing Inventory Consultation*** *School District of Beloit*

***Maintenance Programming***

**Project:**  
*Inventory Roofing Consultation*  
*Beloit, WI*

**Date of Completion:** *on-going*

**Contractor:** *N/A*

**Owner:**  
*School District of Beloit*  
*Beloit, WI*

### **Project Description:**

The School District of Beloit progressively plans for maintenance and eventual replacement of their roofing systems. Through the years, the District has employed all aspects of FEI Maintenance Programming, including thermal imaging (infra-red), nuclear moisture scanning, and other in-depth assessment techniques. The resulting roofing inventory assessment data is utilized to create five-year budgets for District-wide roofing maintenance planning and prioritization.

### **Inventory Data:**

Facilities: 17  
Individual Roof Areas: 173  
Total Roofing Square Feet: 822,200
